NCR Self-Checkout E-Series

NCR Self-Checkout E-Series features flexible configurations and floor plan options that can be customized to accommodate diverse front-end requirements.

Shoppers are in a hurry. They expect convenient service and fast checkout. Waiting in lines continues to rank as a major consumer complaint. As a retailer, you face the greatest customer service challenge – increasing customer satisfaction by eliminating the inconvenience of waiting in line. NCR Self-Checkout E-Series not only helps meet this challenge but offers unique features to allow a greater number of retailers to provide self-service to shoppers.

NCR Self-Checkout E-Series is the most flexible, compact solution available – while delivering all of the checkout features that make self-checkout advantageous to your stores and your customers. Your customers are always in control. They shop and checkout at their own pace by scanning their items with a level of privacy. Self-checkout is as fast and easy as it is accurate and reliable.
